Garlic (*Allium Sativum*). Spain.

ORIGIN

PRODUCTION AREAS

Cordoba and Las Pedroñeras.

DESCRIPTION

Large white garlic heads with 10-12 cloves, covered by a rose-coloured membrane.

QUALITY

In all categories, taking into consideration specific provisions established for each category and the tolerances allowed, bulbs should be:

1. Healthy: products affected by rotting or another alteration, making them unfit for consumption, are excluded.
2. Practically free from parasites.
3. Clean, practically free from visible foreign matter.
4. Firm.
5. Free from damage caused by frost or sun.
6. Free from externally visible sprouts.
7. Free from abnormal external moisture.
8. Free from odd smell or taste.

CATEGORIES

Extra, I and II.

SIZES

All sizes.
